

# Chromebase Mini

*Smaller Surface. Superior Service.  
Commercial Grade Chromebase 10" All-in-One Multi-Touch Solution.*

Introducing the Chromebase Mini 10" Multi-touch solution, an ultra-thin and powerful device specifically designed for commercial and corporate usage with a high-touch experience.

The Chromebase Mini is a solid-state interactive solution designed to be extremely reliable and secure, making it ideal for interactive public displays in high traffic environments (i.e. digital signage, POS, kiosk, meeting room management or corporate environments).

Chrome Device Management allows administrators to manage their organization's Chrome devices from a central place. Integrators can also use the signage app of their preference available via the Chrome Web Store to control what's on the screen.

## *The advantages of the Chromebase Mini:*

- A commercial grade multi-touch, all-in-one solution.
- Tough and retail-hardened design for 24/7 operability in public spaces.
- High quality camera and speakers that meet Chrome video conference and Hangouts Requirements.
- Wide viewing angles in landscape and portrait.
- Multiple mounting options: recessed surfaces, wall mounts and kiosks.
- Optional Chrome Device Management to save valuable time, installation cost, programming and maintenance.
