

Premium OPS Slot-in PC Intel® Core™ i5

A powerful slot-in PC module for Touch Screens

Intel Processor

High Performance PC

Slot-In Design

Multiple OS Available

SSD Hard Drive

4K

4K Compatible

Enjoy the benefits of seamless integration with the Premium OPS Slot-in PC Intel® Core™ i5 that can be easily inserted and removed from the rear of your Touch Screen for the ultimate in flexible working. This powerful compact solution is able to run Windows 10, Windows 11 or Linux and the Intel® Core processor powers this PC to the next class of slot-in computing.

	OPS-P6	
Max Supported Resolution	3840 x 2160	
CPU	i5-12450H	
RAM	8GB DDR4 3200 MHz	
Architecture	64-bit (x86-64, IA64)	
Graphic Engine	Intel® Iris® Xe Graphics	
Internal Storage	256GB M.2 SSD	
USB Interfaces	USB 3.0 x 2, USB2.0 x 2, USB Type-C x 1	
LAN Specification	10/100/1000 Ethernet	
Wi-Fi	AX101	
Bluetooth Support	BT5.2	
Power Consumption	Average	52W
	Max	87W
	Standby	35W
OS Supports	Windows 10/Windows 11/Linux	
Front Panel Ports	1 x DP1.4, 1 x HDMI1.4, 2 x USB 2.0, 2 x USB 3.1, 1 x Type-C(USB3.1) 1 x RJ45, 1 x Line out & MIC-In two in one connector 2 x Wi-Fi/BT ANT	
Size (mm)	180x119x30	

A POWERFUL OPS SOLUTION

Performance meets Power

The 12th Generation Intel® Processors provides a new class of embedded computing with amazing new features. Three times more powerful than our Economical OPS this model is ideal for real-time rendering and 3D applications.

DC Power Port

A mains power connection means the OPS can be used with display devices without an OPS slot.

Solid-State Drive

Uses flash memory to store data, which provides better performance and reliability over an HDD as well as faster start up speed. Up to 10 times faster than a traditional hard drive.

Flexible Working

Run a wide range of different operating systems like Windows or Linux to suit your way of working.

Intel 4K Graphics

Experience a remarkable 4K resolution, with faster frame rates and outstanding visual details thanks to the Intel® Iris® Xe Graphics card, built for compute-intensive applications.

Fully Embedded Solution

All the connectors are contained within the display including power and both video and audio signals so no external cables are required.

Quality Commitment

Built with industrial grade components you can be confident in the reliability of our product and so offer a 5 year warranty on the OPS computer.

Economical

Utilise a higher performance level while consuming less power.

*This product has a 5 year warranty when purchased with the Interactive Touch Displays otherwise a 3 year warranty is applied..
